Thanks for your email about your best friend. I've got a best friend, too. Her name is Sarah and I see her every day. Sarah has got lots of hobbies. On Monday, she plays hockey. She's in the school team. I don't play hockey, but I sometimes watch Sarah. She's really good! On Tuesday, she plays basketball and on Wednesday, her dad takes her swimming. Sarah plays two musical instruments. She has a guitar lesson on Thursday and she has a piano lesson on Friday. At the weekend, Sarah and I meet our friends. We often go to the cinema or watch DVDs. We don't play chess or other board games, but we sometimes go cycling or play table tennis. We always have lots of fun.

My favourite singer is Jay-Z. He's very famous. His real name is Shawn Corey Carter and he's from New York. Jay-Z is tall and thin. He's got brown eyes and short, black hair. Jay-Z can do lots of things. He's good at music and he's good at acting. He's good at sports, too. He can run very fast and he can play basketball. Jay-Z has got lots of famous friends. His wife is famous, too. She's Beyoncé Knowles. Jay-Z and Beyoncé have got a big, expensive house in New York and they've got some fast cars, too. They've got one child, a girl called Blue Ivy. I've got lots of Jay-Z CDs and I've got a poster of Jay-Z on my bedroom wall. I think he's great!

Dear Ben,

Thanks for your email. Your friends are very good at sports! My friends are good at sports, too. We can all play baseball. We're in the school team together. But Dan's favourite sport is football. He can run very fast and he can score great goals. Emily can't play football, but she can drive a go-kart. She can roller skate, too. I can't roller skate, but I can swim and I can surf. My friend Katie can't surf, but she and Dan can dive very well. Katie can't play tennis, but she can do karate. There's a karate club at our school and Katie is the karate champion. Her dad is a karate instructor, so Katie can learn karate at home, too. She's very lucky.

Dear Grandma,

I'm on a sports holiday with my friends. We do different sports every day! We get up early because it's hot. We get dressed and have breakfast. In the morning, we can choose an activity, for example, riding a bike or swimming. I like swimming, but I can't swim very well. I'm good at bike riding. After lunch, there are more activities like skateboarding or music. I can't play music at all, so I go skateboarding. It's difficult but now I can stand up – and I can jump quite well! In the evening, we cook
dinner. The food is terrible (I can’t cook at all!) but we’re always hungry. After dinner we go the cinema or go bowling. Bowling is fun and it’s easy! It’s easy to go to sleep at bedtime. We’re usually tired but happy! This is a fantastic holiday!

My name is Paul. I really like school, but my favourite time of the day is lunchtime! The food at my school is great. There are lots of different things, and it's always healthy. You can have a different meal every day. Some of my friends bring a packed lunch, but I always eat in the canteen. We usually sit together at lunchtime, so that's OK. My favourite meal is spaghetti bolognese. I know it isn’t a difficult recipe, because I make it at home, but the bolognese they make in the canteen is delicious. I usually drink apple juice or orange juice.
